Procurement Health Check

Procurement for Local Government

Canadian laws affecting procurement have become increasingly complex. Recent court decisions, legislation and trade agreements impact the way the public sector conducts business in Canada.

As a local government navigating the pitfalls of this ever-changing landscape, you need a firm with specialized knowledge and experience to guide you through the multi-faceted procurement process.

Aird & Berlis LLP offers you peace of mind

We have developed an RFP evaluation methodology tailored specifically for local governments, with which we assess the compliance of your RFP document with legal requirements and best practices. For a fixed fee, we will review your RFP and provide a report that highlights problematic areas. Based on this report, you may choose to either fix the problems yourself or ask us for help.

This RFP evaluation methodology, as well as our entire suite of procurement products, has been formally endorsed by the Association of Municipal Managers, Clerks and Treasurers of Ontario (AMCTO).

MAILING INNOVATIONS IS THE MUNICIPAL TAX-AND-WATER-BILL-MAILING EXPERT.
TOWNS LIKE YOURS DEPEND ON AN EFFICIENT INCOMING AND OUT-
GOING MAILSTREAM. THAT'S WHY WE AT MAILING INNOVATIONS
HAVE MADE IT OUR BUSINESS TO KNOW YOUR BUSINESS BETTER.

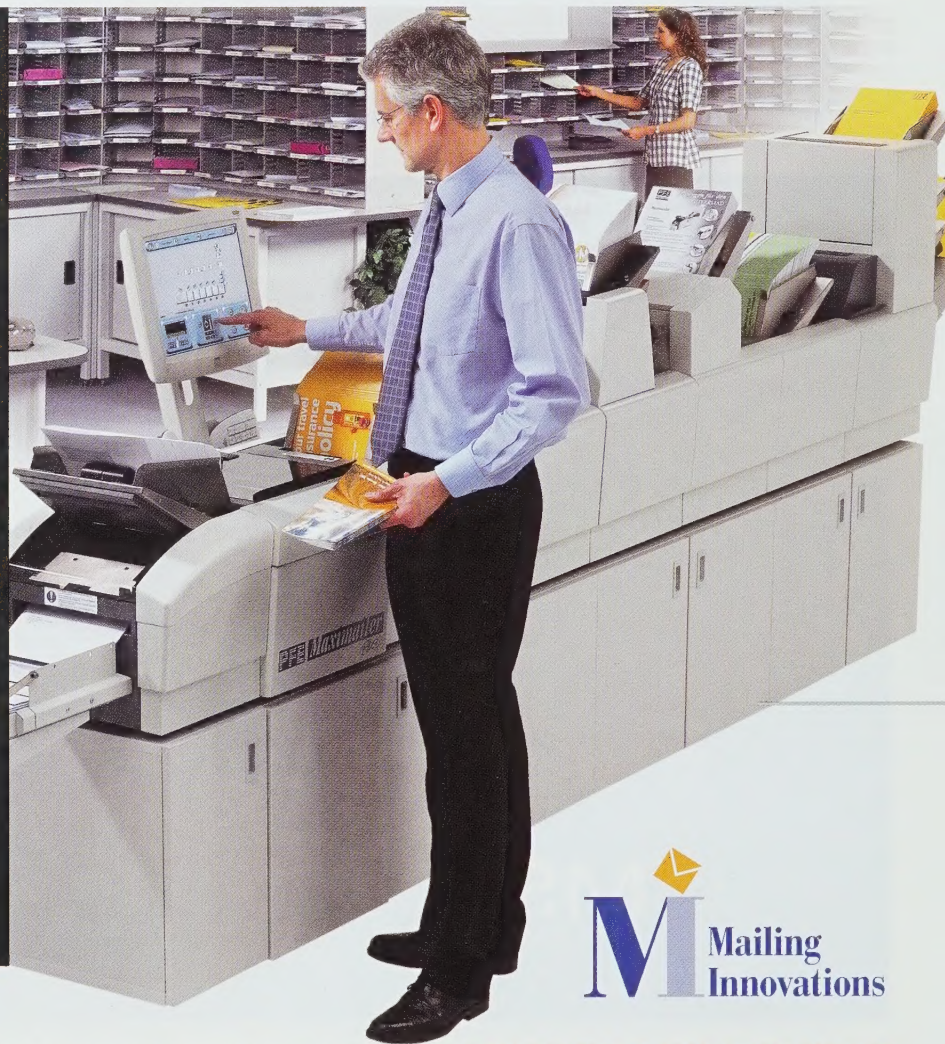

When it comes to understanding
your mailing needs,
we really go to town.

32 Ontario towns already trust Mailing Innovations to increase efficiency while reducing labour and postage costs.

Because we take an active interest in understanding your mailing needs, by actively participating in associations like the AMCTO and AMTCO, we build long-term relationships that allow us to serve you better. We also offer the best addressing, folding, inserting, and letter opening equipment in the business. And software solutions that save money by standardizing and automating water and tax bills.

It all adds up to know-how that moves your outgoing and incoming mailstream better, while reducing postage costs.

Call today and talk to one of our Municipal mailing experts. Like so many other Ontario towns, you'll love Mailing Innovations, too.

> ASK US ABOUT A FREE ANALYSIS OF YOUR MUNICIPALITY'S MAILING NEEDS.

Kathy Coulthart-Dewey, CMO

Congratulations on your decision to invest in the future of your organization! Purchasing the 2007 edition of the *Ontario Municipal Directory* will prove tremendously valuable in both the tangible and intangible benefits it provides.

The book you now hold represents the tangible benefit. AMCTO compiles and verifies the data in the *Directory* to ensure its accuracy to the date of publication. The data includes important contact names, titles and contact information for knowledgeable experts in each of Ontario's 445 municipalities. In addition, heads of council, population and household statistics, Municipal Associations and Service Boards are listed for reference. If "knowledge is power" you now possess the facts needed to increase your influence.

The networking opportunities the *Directory* generates will result in even greater payback; intangible benefits through the development and nurturing of contacts with Ontario's Municipal Experts. AMCTO is the premier municipal professional association in Ontario. Its 2,200 members fulfill a broad range of functions within their respective corporations. Since 1938 AMCTO has provided leadership, professional development, networking opportunities and a strong, respected voice in municipal government. The AMCTO members who hold our premier designation CMO (Certified Municipal Officer) are indeed leaders in their field of expertise. Get to know them.

I encourage you to fully take advantage of the networking benefits by participating in AMCTO's 2007 AGM and Professional Development Institute in Kingston, June 10-13. Many of the municipal professionals listed in the *Directory* will be in attendance. This showcase event presents a significant opportunity to interact with municipal professionals and those who serve the municipal sector.

AMCTO is proud of the *Ontario Municipal Directory* and confident of its value. Keep it within reach and use it regularly.

AMCTO compiles and verifies the data in the Directory to ensure its accuracy to the date of publication.

Kindest Regards,

Kathy Coulthart-Dewey, CMO
AMCTO President

Terminology

GENERAL

Municipality is an area whose inhabitants are incorporated and whose powers are exercised by a council elected by the voters of the municipality.

Separated Municipality is a town or city that is separated for municipal purposes from the county in which it is located and therefore has no representation on county council.

County is generally a municipality that is a federation of the towns, villages, and townships within its boundaries. Each of the participating municipalities in the county has an elected council, and designated members of these councils combine to form the county council. Generally speaking, cities and separated towns, even though geographically part of the county, do not participate in the county political system.

In some instances, a county is a single-tier municipality established through the amalgamation of the towns, villages and townships that previously existed within its boundaries. In these cases, the members of the county council are directly elected by the voters within the county.

County geographical boundaries are used for judicial and a number of administrative purposes.

Regional Municipality is a municipality originally created by a special act of the Ontario legislature and is a federation of all the area municipalities within its boundaries. Each of the area municipalities in the region has an elected council, and in some cases, designated members of all of these councils combine to form the regional council. In other cases, regional councillors are directly elected.

Regional boundaries are used for judicial and a number of administrative purposes.

Districts are divisions of that part of Ontario that does not have county or regional organization. Every district contains a number of local municipalities but, with the exception of Muskoka, does not serve any municipal purpose. The district boundaries are used for judicial and a number of administrative purposes.

Unorganized Territory means that part of Ontario without municipal organization. In practice the term is generally used to describe those parts of the territorial districts which have no municipal organization of any kind.

Local Services Boards are legally constituted bodies with members elected to act on behalf of the residents of a community in an unorganized territory to ensure some basic services such as fire protection, garbage collection and road maintenance.

MUNICIPAL OFFICIALS

Mayor is the title generally reserved for that person who is the head of a city, town or area municipal council and is elected by the voters of the entire municipality for a three-year term.

Reeve is the title generally reserved for that person who is the head of a township or village council and is elected by the voters of the entire municipality for a three-year term. The reeve may also be that member of a town council who represents the town on the county council.

Regional Chair is the head of a regional council and holds office for the term of council. The chair is chosen by vote of the members of council or, in some regions, by a general vote of the electors of all the areas municipalities in the region.

Warden is the head of a county council and holds office for a defined term. The warden is chosen by vote of the members of council.

Chief Administrative Officer (CAO) is the senior staff member of a municipality. Although not a statutory position, many municipal councils have appointed such a person, usually called the "CAO" or some variation of "manager."

Clerk is the member of staff whose major duties are to record all resolutions, decisions and other proceedings of the council and to keep its books, records, accounts, and other documents. Every council is required to appoint a clerk.

Treasurer is the member of staff whose major duties are to receive and keep all money of the municipality, to issue cheques on behalf of the council, and to prepare the financial statements. Every council is required to appoint a Treasurer.

TELEPHONE NUMBERS

Telephone numbers shown are the numbers for a municipal office where they exist; in other cases, they are that of the municipal clerk.

FAX NUMBERS

Fax numbers are listed for those municipalities where that service is available.

E-MAIL

A general e-mail address is shown for municipalities where that service is available.

WEBSITE

In cases where the municipality has established a municipal website, the URL for the website has been listed.

POPULATION DATA

Population data refer to persons residing in a municipality on a permanent basis. The criteria used to determine permanency relate to the definition of "residence" and similar references to a person as set out in the *Municipal Elections Act, 1996* and the *Municipal Act, 2001*. The enumerated population includes residents of institutions such as long-stay mental health centres, penitentiaries, training schools and Canadian Forces bases. Cottage populations are not included unless the cottages have been converted for full-time occupancy purposes. Residents of jails, short-stay general hospitals and Indian reservations are not included.

The population figures for counties and regions are the total for all municipalities within a county or region, including separated municipalities located geographically within a county.

Questions regarding the source, currency and criteria for population numbers should be directed to the individual municipality.

NUMBER OF HOUSEHOLDS

The term “household” is defined as a self-contained set of rooms in a building used as a residential premise and containing kitchen and bathroom facilities. Households include single-family dwellings, residential units in multiple dwelling buildings, farm houses, cottages and residential units on Canadian Armed Forces bases.

Questions regarding the source, currency and criteria for household counts should be directed to the individual municipality.

Other municipal-related information

CHANGES IN STATUS, NAMES AND DISSOLUTIONS

Questions regarding boundary changes and former municipalities should be directed to the Clerk’s office of the municipalities affected. Information may also be available through the Ministry of Municipal Affairs and Housing website (www.mah.gov.on.ca) or by contacting the Municipal Governance and Structures Branch, Ministry of Municipal Affairs and Housing, 13th Floor, 777 Bay Street, Toronto, ON M5G 2E5; telephone (416) 585-7539.

Inquiries regarding geographic names should be directed to the Ontario Geographic Names Board, Ministry of Natural Resources, Box 7000, 300 Water Street, Peterborough, ON K9J 8M5; telephone (705) 755-2134.

MUNICIPAL ASSOCIATIONS

Municipal associations interested in being included in the Directory should contact the Association of Municipal Managers, Clerks and Treasurers of Ontario (905) 602-4294 (ext. 21).

LIST OF SCHOOL BOARDS

Information regarding School Boards is available through the following Ministry of Education website link:
<http://sbinfo.edu.gov.on.ca>.

LIST OF REGISTRY AND LAND TITLE OFFICES

A list of Registry and Land Title Offices is available through the “KWIC” Index produced by Publications Ontario and can be obtained by calling (416) 326-5300/toll-free 1-800-668-9938 or on-line at www.gov.on.ca/MBS/english/publications

LIST OF SHERIFFS’ OFFICES

A list of Sheriffs’ Offices is available through the “KWIC” Index produced by Publications Ontario and can be obtained by calling (416) 326-5300/toll-free 1-800-668-9938 or on-line at www.gov.on.ca/MBS/english/publications

PROVINCIAL GOVERNMENT FIELD OFFICES

Contact information for the various provincial government field offices is included in the “Government Telephone Directory” which can be accessed through the Province of Ontario website at www.infogo.gov.on.ca

ONTARIO MUNICIPAL BOARD

The Ontario Municipal Board is an independent quasi-judicial administrative tribunal that hears applications and appeals on municipal and planning matters. These include official plans, zoning by-laws, subdivision plans, official plans, consents and minor variances under the *Planning Act*; land compensation matters under the *Expropriations Act*; and appeals pertaining to the *Development Charges Act*.

The Board was established by, and derives some of its authority from, the *Ontario Municipal Board Act*. Further information can be obtained by contacting the Board via mail at Suite 1500, 655 Bay Street, Toronto, ON M5G 1E5, or by telephone at (416) 326-6800/toll-free 1-866-887-8820 or through their website at www.omb.gov.on.ca.

Uncertainty. It's a sign of the times.

That's why it makes sense to protect those you value – your family, your business – in case something happens to you. As a member of your professional association, you can take advantage of low group rates on these valuable insurance plans:

- Term Life
- Personal Accident
- Income Protection
- Office Overhead

MROO's Retiree Insurance Program

Give your retiring employees options when they need them the most...

As health care costs continue to rise, and medical expenses continue to be delisted under provincial plans, retirees are looking for private health care options.

Now, you have the opportunity to offer a practical long term solution to those employees and/or retirees who are about to lose their employer-sponsored group benefits.

Consider the advantages of the MROO health and dental care plans:

- Administration provided by ENCON Group Inc., MROO's Insurance Program Manager at no cost to you
- Personalized service for your retiring employees
- Retirees and their spouses can purchase benefits for life
- Competitive rates for both individuals and couples
- 90-day guaranteed acceptance period

Other plans available:

- Guaranteed Issue Life Insurance
- Convalescent Care Insurance
- Travel Insurance

Give your retirees the opportunity to see what the MROO Retiree Insurance Program has to offer.

Contact ENCON Group Inc. today for more information.

1-800-363-7861

**We can help you manage
the biggest asset you don't have.
Your accounts receivable.**

Premier Receivables Management specializes in AR programs designed to meet the unique requirements of municipalities.

We provide custom solutions for the management and recovery of:

- Municipal user fees
- Compliance order fees
- Development charges
- Property taxes
- Accounts receivable for municipally owned corporations

PREMIER
RECEIVABLES MANAGEMENT LTD

Premier Receivables Management is a Peterborough Utilities Group company

FORGET WHAT YOU'VE HEARD

**ONLY ONE LOADER SCALE IS ACCURATE
TO .5% WHILE THE MACHINE IS ON THE MOVE**

Stay accurate, stay working and stay profitable with MicroLoad[®], the most precise loader scale. Your operators will load more accurately, and ship more product with every load. Drivers will always be running legal and never have to turn around to "dump off".

ACCURATE WITHOUT RESTRICTIONS

- ▶ No need to stop your machine
- ▶ No need to achieve a specific RPM
- ▶ No need to warm up the hydraulic oil
- ▶ No need to reweigh if the machine bounces

**MicroLoad[®]
Available Exclusively
Through EzScale Dealers**

The Public Sector Group of Funds

Today, every Ontario municipality knows how crucial investment income has become.

ONE Funds delivers to Ontario municipalities a tried and proven concept of joint investment with a track record that spans nearly a decade. It is a program designed by Municipal Treasurers for Municipal Treasurers.

Join the Ontario municipalities who have currently invested nearly half a billion dollars and make ONE Funds part of their daily investment strategy.

Contact us today to see how easy it is for your municipality to start enjoying the benefits.

Delivering the Promises

ICF INTERNATIONAL

COMPREHENSIVE MUNICIPALITY EXPERIENCE

Energy Management and Environmental Specialists

We bring expertise on municipal energy management, community energy planning combined with GHG and air emissions quantification and management.

Community and Land Use Experts

We specialize in "Smart Growth" policies with the tools to design more livable communities and assess the energy and environmental benefits of improved planning and design.

Transportation Policy Professionals

We understand the relationship between transportation, energy consumption, sustainable development and air quality when evaluating effective transport solutions.

Qualified Energy Team

Our combination of strategy, policy, market, and industry expertise can provide innovative solutions and best practices to all of your energy and environmental challenges.

**Professional Engineers
Ontario**

... regulating the profession

... serving the public

Professional Engineers Ontario (PEO) licenses Ontario's 68,000 professional engineers, grants limited and provisional licences, permits 4100 firms and individuals to offer engineering services to the public under Certificates of Authorization, and regulates and sets standards for the profession. Its purpose is to protect the public interest where engineering is concerned.

PEO welcomes inquiries on professional practice and ethics for engineers, publishes guidelines for many fields of engineering, and will verify whether individuals or companies are licensed.

Rigorously educated, experienced and committed to a Code of Ethics that puts the public interest first, **licensed professional engineers** can be identified by the **P.Eng.** title after their names.

LAND INFORMATION ONTARIO

Is your municipality accessing the geographic data it needs?

If not, consider joining the Ontario Geospatial Data Exchange. The Exchange's single umbrella agreement makes it easy for members to share and exchange data.

The Ontario Geospatial Data Exchange can help organizations save time and money by eliminating the need to negotiate and administer individual data sharing agreements with other public sector organizations. Membership is available to municipalities, provincial ministries, federal departments, conservation authorities, First Nations, and academic institutions at no cost.

For more information, contact Land Information Ontario at **(705) 755-1878**
or by email at lio@ontario.ca

**"The great leaders are like the best conductors –
they reach beyond the notes to reach the magic in the players."**

-Blaine Lee-

Great challenges demand great leaders. Today's complex and rapidly evolving municipal environment requires specialized expertise and finely honed leadership skills.

Helping Ontario build a conservation culture

Hydro One is helping Ontario communities, businesses and families become more energy efficient through programs designed to help them use electricity wisely.

Hydro One is working hard to deliver the reliable supply of electricity that Ontarians depend upon. With the demand for electricity in the next 20 years expected to outpace supply, Hydro One is committed to helping the Ontario Government build a conservation culture.

Hydro One has introduced energy conservation initiatives aimed at residential, business and farm sectors. Our Power Cost Monitor, appliance retirement and smartstar® programs help Ontarians use electricity wisely in their homes. We're also helping our commercial and industrial customers tap into expertise to get the most out of the electricity they use.

Hydro One, in partnership with the public and private sectors, will lead Ontario in promoting the wise use and management of electricity.
